

116TH CONGRESS
1ST SESSION

H. R. 2905

To provide for a demonstration project to further examine the benefits of providing coverage and payment for items and services necessary to administer intravenous immune globulin (IVIG) in the home, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MAY 22, 2019

Mr. BLUMENAUER (for himself, Mr. HOLDING, and Mr. BUTTERFIELD) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To provide for a demonstration project to further examine the benefits of providing coverage and payment for items and services necessary to administer intravenous immune globulin (IVIG) in the home, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Medicare IVIG Access
5 Enhancement Act”.

1 **SEC. 2. MEDICARE PATIENT IVIG ACCESS DEMONSTRATION**

2 **PROJECT.**

3 (a) ESTABLISHMENT.—The Secretary of Health and
4 Human Services (in this section referred to as the “Sec-
5 retary”) shall establish and implement a demonstration
6 project under part B of title XVIII of the Social Security
7 Act to evaluate the benefits of providing payment for items
8 and services needed for the in-home administration of in-
9 travenous immune globulin for the treatment of chronic
10 inflammatory demyelinating polyneuropathy or multifocal
11 motor neuropathy.

12 (b) DURATION AND SCOPE.—

13 (1) DURATION.—Beginning not later than 1
14 year after the date of enactment of this Act, the
15 Secretary shall conduct the demonstration project
16 for a period of 3 years.

17 (2) SCOPE.—The Secretary shall, subject to
18 subsection (d), enroll not greater than 3,000 Medi-
19 care beneficiaries who have been diagnosed with
20 chronic inflammatory demyelinating polyneuropathy
21 or multifocal motor neuropathy for participation in
22 the demonstration project. Subject to subsection (d),
23 a Medicare beneficiary may participate in the dem-
24 onstration project on a voluntary basis and may ter-
25 minate participation at any time.

1 (c) COVERAGE.—Except as otherwise provided in this
2 section, items and services for which payment may be
3 made under the demonstration program shall be treated
4 and covered under part B of title XVIII of the Social Se-
5 curity Act in the same manner as similar items and serv-
6 ices covered under such part.

7 (d) ELIGIBILITY.—In order to participate in the dem-
8 onstration project, a Medicare beneficiary must—

9 (1) be covered under the original Medicare fee-
10 for-service program under parts A and B of title
11 XVIII of the Social Security Act and not enrolled in
12 a Medicare Advantage plan under part C of such
13 Act;

14 (2) require intravenous immunoglobulin for the
15 treatment of chronic inflammatory demyelinating
16 polyneuropathy or multifocal motor neuropathy; and

17 (3) meet any other eligibility requirements spec-
18 ified by the Secretary.

19 (e) PAYMENT.—

20 (1) INTRAVENOUS IMMUNE GLOBULIN.—For in-
21 travenous immune globulin furnished under this sec-
22 tion, the Secretary shall make payment using the
23 payment methodology under section 1847A of the
24 Social Security Act (42 U.S.C. 1395w–3a).

25 (2) OTHER ITEMS AND SERVICES.—

(A) IN GENERAL.—The Secretary shall establish, subject to subparagraph (B), a per-visit payment amount for items and services (other than intravenous immune globulin) needed for the in-home infusion of intravenous immune globulin for the treatment of chronic inflammatory demyelinating polyneuropathy or multifocal motor neuropathy based on the national per visit low-utilization payment amount under the prospective payment system for home health services established under section 1895 of the Social Security Act (42 U.S.C. 1395ffff).

(B) LIMITATION.—In establishing the per-visit payment amount established under subparagraph (A) for items and services described in such subparagraph, the Secretary shall consider—

(i) including a component for requisite nursing care;

(ii) establishing an appropriate furnishing fee for intravenous immune globulin similar to the separate payment for clotting factors under section 1842(o)(5) of the Social Security Act (42 U.S.C. 1395u(o)(5));

1 (iii) otherwise acknowledging the
2 length of infusions for individuals needing
3 in-home infusion of intravenous globulin
4 for treatment described in subparagraph
5 (A);

6 (iv) that, in total, such amount poten-
7 tially not being less than at least twice the
8 payment amount applied under the dem-
9 onstration project established under section
10 101 of the Medicare IVIG Access and
11 Strengthening Medicare and Repaying
12 Taxpayers Act of 2012 (Public Law 112–
13 242) for items and services needed for the
14 in-home administration of intravenous im-
15 mune globulin for the treatment of pri-
16 mary immune deficiency diseases in rec-
17 ognition of the fact that patients with
18 chronic inflammatory demyelinating
19 polyneuropathy or multifocal motor neu-
20 ropathy tend to have longer infusion times,
21 require more product, and have additional
22 health care needs related to underlying
23 neuromuscular challenges; and

24 (v) developing such amount in con-
25 sultation with stakeholders.

1 (f) WAIVER AUTHORITY.—The Secretary may waive
2 such requirements of title XVIII of the Social Security Act
3 as may be necessary to carry out the demonstration
4 project.

5 (g) FINAL EVALUATION AND REPORT.—Not later
6 than one year after the date of completion of the dem-
7 onstration project, the Secretary shall submit to Congress
8 a report that contains—

9 (1) a final evaluation of the impact of the dem-
10 onstration project on access for Medicare bene-
11 ficiaries with chronic inflammatory demyelinating
12 polyneuropathy and Medicare beneficiaries with
13 multifocal motor neuropathy to items and services
14 needed for the in-home administration of intra-
15 venous immune globin; and

16 (2) a final analysis of the appropriateness of ex-
17 panding or extending the demonstration project or
18 implementing a new methodology for payment for in-
19 travenous immune globulins in all care settings
20 under part B of title XVIII of the Social Security
21 Act (42 U.S.C. 1395k et seq.) and, to the extent
22 such analysis determines such an expansion, exten-
23 sion, or methodology appropriate, recommendations
24 for such expansion, extension, or methodology, re-
25 spectively.

1 (h) DEFINITIONS.—In this section:

2 (1) DEMONSTRATION PROJECT.—The term
3 “demonstration project” means the demonstration
4 project conducted under this Act.

5 (2) MEDICARE BENEFICIARY.—The term
6 “Medicare beneficiary” means an individual who is
7 enrolled for benefits under part B of title XVIII of
8 the Social Security Act.
